Re: GN Docket No. 13-86

Please do not lower your standards and all use of the f-word, the s-word, or increased nudity on broadcast and standard cable TV channels.

I believe that ALL uses of the f-word, the s-word, and ALL nudity should be banned on broadcast and standard cable TV channels. At the very least, programs containing the f-word and/or frontal nudity should be rated TV-MA and programs with the s-word any nudity should be rated TV-14.

I do believe the occasional slip by a live actor should be treated a bit less stringent, but there are methods for networks to prevent that. Additionally, repeated words or nudity on live TV or ANY on recorded TV should be banned.

Thank you for helping to keep the programming that enters our homes safe for children AND adults who do not wish to be exposed to such things.

Sincerely,
